

## AN ULTIMATUM IS SENT TO TURKEY

Claim For Church Property Must Be Paid Soon.

## UNCLE SAM IS AROUSED

Language Making the Demand Is Couched in Unmistakable Terms.

## IT DOES NOT THREATEN WAR

Washington, April 18.—[Special Telegram]—The final demand for the payment of one hundred thousand dollars damages for the destruction of the Armenian church property during the Armenian outrages was made today of the Turkish government.

The language is couched in unmistakable terms. It does not threaten war in case the demand is not complied with, but emphatically states that unless a speedy settlement of the claim is made, diplomatic relations will be severed.

No specific time for the payment is set. Turkey is simply told to make payment immediately.

Sultan Pays No Attention.

Washington, April 18.—Diplomatic relations between the United States and Turkey are strained to the breaking point on account of the bad faith of the

SULTAN OF TURKEY.

sultan. His promises to pay the indemnity claims of Americans growing out of the Armenian massacres, when eight buildings owned by missionaries comprising the Euphrates colleges at Harpoot, were destroyed, together with several other buildings at Marash, have been idle promises and nothing more. The claims amount to \$90,000, and the promise to pay them was made sixteen months ago.

What action the government will now take to enforce the sultan's promise is not definitely known, but as the situation is critical, it may result in Secretary Hay sending the Turkish minister at Washington his passports.

## READY TO GO TO WAR

Nicaragua and Costa Rica Boundary Troubles May End in Great Bloodshed.

New Orleans, April 18.—[Special Telegram]—The steamer Olympia arrived from Port Limon, Costa Rica, with passengers who believed that war between Costa Rica and Nicaragua is about to become a reality. The American cruiser Detroit is at Port Limon with an English gun boat. Both countries are well supplied with war material.

## THIRTY-SIX ARE LOST

French Fishing Yawl Is Wrecked—Row Boat Capsizes on the Rhine.

Cork, April 18.—[Special Cablegram]—La Roche, a French fishing yawl, foundered off Cape Clear in Sunday's gale. Twenty three of the crew were drowned.

Berlin, April 18.—[Special Cablegram]—While twenty members of the Catholic Students' association were crossing the Rhine in a row-boat, the boat struck the anchor chain and capsized. Thirteen were drowned.

## HACKETT TO SUCCEED ALLEN

New Hampshire Man to Become Assistant Secretary of the Navy.

Washington, D. C., April 18.—President McKinley sent to the senate today the nomination of Frank W. Hackett of New Castle, N. H., to be assistant secretary of the navy, vice Charles H. Allen, recently appointed governor of Porto Rico. Mr. Hackett was born in 1841, and in 1861 graduated from Harvard college. He entered the navy in 1862, resigned in 1869 and began the study of law.

## EXPECTS TO REACH THE POLE.

Peary Expedition to Start Anew in July.

New York, April 18.—In concluding his lecture before the American Geographical society in Mendelssohn hall on "Peary's Work in 1899 and 1900," Herbert L. Bridgman, secretary of the Peary Arctic club and in command of the Peary expedition of last year, presented the existing condition and immediate future of the work. President McKinley a few days ago signed the bill directing an American register to the Windward, which will be formally cleared from New York in July as an American vessel, with Peary as captain and Capt. Bartlett as first officer and navigator. She will coal at Sydney, B. C., and probably depart for the north about July 20. The term of the voyage will be indefinite, depending upon Mr. Peary's decision after the ship joins him. As to Peary's success in the main object of the expedition, attainment of the pole, confident hope was expressed.

## WEB E. BROWN HAS THE FIELD ALONE

WILL BE REPUBLICAN NOMINEE IN NINTH DISTRICT.

Brown and Kewaunee Counties Will Send Minor Delegates—Kenosha Solid for Cooper—New York Republicans Elect Their Big Four—Bailey For Senator in Texas.

Ashland, Wis., April 18.—The retirement of A. W. Sanborn from the congressional race leaves the nomination practically within the grasp of Web E. Brown of Rhinelander.

The two candidates had a conference at Rhinelander with several politicians from other parts of the district. At this conference Mr. Sanborn decided to withdraw and will turn his support to Brown, which it is believed, practically secures for him the nomination. Stewart is favorable to Brown's nomination and the counties of Marathon, Oneida, Vilas, Iron, Ashland and Price are counted as sure for Brown, which gives him a long lead for the nomination.

Green Bay, Wis., April 18.—At the city caucuses last night to elect delegates to the Brown county convention, April 21, the minor tickets, carried in six of the eight wards of the city. Mr. Kustermann, the home candidate, getting the delegates from two of the wards.

Kewaunee, Wis., April 18.—At the republican city convention held in the city of Kewaunee, yesterday the minor delegates were elected by almost unanimous vote. Reports from a majority of the towns indicates that Kewaunee county will be unanimous for Minor.

Cooper to Be Nominated.

Kenosha, Wis., April 18.—The selection of delegates to the republican county convention to be held next Saturday has been made in all the wards and county towns, and without exception the men so chosen favor the re-nomination of H. A. Cooper for Congress.

Eau Claire is for Bradford.

Eau Claire, Wis., April 18.—Republican county and district conventions yesterday elected delegates to state and congressional conventions. They endorsed Ira B. Bradford for governor.

New York's Big Four.

New York, April 18.—Republicans yesterday afternoon fired the first gun in their campaign of 1900. Their state convention was held in the Grand Central Palace, and for the first time since Senator Platt came into power as a leader in this state there was no ripple on the surface to mar the harmony. Delegates-at-large were elected to attend the national convention in Philadelphia, presidential electors were nominated to run on the ticket next fall, and a platform was adopted in which the republicans of New York state called unanimously for McKinley's re-nomination.

Gov. Roosevelt's future is left hanging in the air. No hint was made in the resolutions that he is to be renominated for governor or that he might be nominated for vice president.

The national delegates are: United States Senator Thomas C. Platt, United States Senator Chauncey M. Depew, Gov. Roosevelt and State Committee Chairman B. B. Odell. Electors-at-large: Edward H. Butler of Buffalo and F. A. Mitchell of Rochester.

Batley Has a Clear Field.

Austin, Tex., April 18.—Political circles here were greatly surprised today by the announcement that Senator Horace Chilton had withdrawn from the United States senatorial race, leaving Congressman Joseph Bailey a clear field. Senator Chilton's withdrawal is based upon ill-health and inability to make a canvass of the state.

Shot at Hawk: Hit Husband.

Watertown, Wis., April 18.—Charles Wright of the town of Emmet, Dodge county was accidentally shot by his wife with a shotgun yesterday morning. Mrs. Wright shot at a large hawk which attacked the chickens near the barn door just as Mr. Wright was passing out of the barn, and the charge tore through his body, killing him almost instantly.

## WEPENER HAS NOT BEEN RELIEVED

Boers Are Still Threatening the Garrison at That Point.

## ROBERTS TO ADVANCE

Intends To Deliver Wepener and Cut Boer Line of Retreat.

## BRITISH ARMY IS REINFORCED

London, April 18.—[Special Cablegram]—Aside from General Roberts' dispatch saying that the British force at Wepener was still surrounded, there is nothing new from the theater of war. The dispatches from Bloemfontein continue to report that the Boers are abandoning Wepener.

The losses to Dalgetty's force is now reported to be twenty killed and 100 wounded. The fact that the news as to the situation at Bloemfontein is suppressed, leads to the belief that Roberts will begin to advance northward before the end of the week.

Leaves Ireland April 26.

Dublin, April 18.—Queen Victoria has decided to adhere to her original plan and will leave Ireland on April 26th, inst., reaching Windsor the following morning.

Attack Is Half Hearted.

London, April 18, 1 p. m.—The reports that the Boers had retreated from Wepener were premature. The town was still surrounded yesterday, but Lord Roberts reported that the attack was half-hearted.

General Brabant, supported by Hart's brigade, had reoccupied Rouxville, the Boers retiring toward Wepener, and Sir Henry Rundle, with a column of fresh troops from the eight division, was advancing through Reddersburg.

These two columns are expected to effect the deliverance of Wepener speedily, and may cut off the Boer line of retreat.

The Boer operations in the southeastern corner of the Free State are apparently at an end. Lord Roberts' army has been re-enforced by two brigades from Natal—Hart's and Hunter's—and will have a strong column free to operate along the border of Basutoland and the mountains further north.

## WISCONSIN RIVER ON THE RAMPAGE

Has Reached the Highest Point at Merrill Known For Many Years.

Merrill, Wis., April 18.—[Special Telegram]—The water in the Wisconsin river is highest here today than it has been in many years. It rose two feet last night and is rising every hour. The mills have stopped running and there is danger of the bridges going out. The immense ice jam which has formed near the heights has subsided. The ice was piled up twenty feet high.

## HAWAIIAN BILL COMPLETED

Senate and House Conferences Agree on Measure for Government.

Washington, April 18.—The senate and house conferences reported a unanimous agreement on the Hawaiian government bill today. The house substitute is practically the measure agreed upon with a number of amendments, although the form of government is not set forth in the house bill originally.

The salient provisions of the bill are for a district court, local option on the saloon question, restricting holdings of land by corporations, labor problem investigation by the labor commissioner, government of the islands with a governor, other executive officers, a legislative body with two branches, a judicial system and a delegate representative with similar rights to those enjoyed by the congressional representatives of territories. The tariff laws of the United States are extended over the islands.

As regards Asiatic residents of the island, the Chinese are given one year in which to obtain certificates of residence, the exclusion law being omitted to avoid a breach with Japan.

In Congress Today.

Washington, April 18.—[Special Telegram]—The reading of the naval appropriation bill by sections for amendments was the first business of the house after assembling this morning. In the senate Gallinger presented a resolution directing the secretary of the treasury to inform that body how much money had been collected from the stamp taxes under the revenue bill. Platt of Connecticut, objected, and the resolution went over till tomorrow.

## FAILED TO GET THE STRIKERS TO WORK

Seven New Companies Have Arrived at Croton Dam.

## BLOODSHED IS CERTAIN

Construction Material Brought Up Under Guard of the Troops.

## THE DEPUTIES ARE DISMISSED

Croton Landing, N. Y., April 18.—[Special Telegram]—The contractors this morning tried to get the strikers to work but failed utterly. All preparations were made and whistles blown but none responded except the American engineers and stone masons. The construction material was brought in under guard of the troops. Seven more companies arrived this morning at the old dam and eight were ordered to the new. Most of the deputies have been dismissed.

New York, April 18.—The strike of the Italian laborers on the Cornell dam, in the Croton Valley, is still on, but the contractors claim that it will soon be over. The killing of Sergeant Douglas has changed the aspects of affairs very much to the disadvantage of the laborers, who ask higher wages.

The contractors, it is said, have decided to put new men to work. Sheriff Molloy of Winchester, dismissed over 200 extra deputies last night, leaving his regular assistants, about forty strong, to help the soldiers.

General Roe, commander of the New York State troops, has established headquarters. The entire valley is now under the surveillance of the military.

The big waterworks are closely guarded by sentinels from the Seventh Regiment.

## CORCORAN MADE PRESIDENT

Mayor Rose and Street Railway Controls Milwaukee Council.

Milwaukee, April 18.—With the assistance of a few Republican street railway aldermen, Mayor Rose and the Democratic members of the Common Council had it all their own way when the board was organized yesterday.

President "Con" Corcoran was re-elected without opposition. Frank Nizorawski of the Eighteenth ward was confirmed as successor to Samuel Brookman as public works commissioner by one vote, that one being furnished by Ald. Rudolph, who at every turn yesterday went with the Democratic end of the council and in opposition to his party. Clerk Schuengel was re-elected by acclamation.

Mayor Rose submitted his annual message in which he reviewed his past administration and also some suggestions for the next two years. Brief mention was made of the street railway ordinance. The principal feature of the address which contains about 5,000 words in all, was his attack on the city service commission. The mayor also made a plea for a new Grand avenue bridge for the carnival and again urged something in the way of deeper waterways.

## START SCHOOL OF COMMERCE

New Department Added to the University of Wisconsin.

Madison, Wis., April 18.—The establishment of a school of commerce at the University of Wisconsin was unanimously decided upon by the board of regents at their meeting last evening.

The school is to begin with the fall semester of the present year. Professor W. A. Scott is made director of the school and a professor of commerce is to be appointed by President Adams. The purpose of the school is to supply facilities for the training of young men who desire to enter business careers.

The regents also decided to establish a school of history with Professor F. J. Turner as director. Leave of absence was granted until fall to President Adams who is ill and in the East.

## MORE INDICTMENTS COMING

Franklin County Ky. Grand Jury Is Hard at Work.

Frankfort, Ky., April 18.—[Special Telegram]—The Franklin county grand jury continued its work today. Bench warrants are out for Jim and Berry Howard, two men against whom indictments were returned yesterday. More indictments are expected soon.

The trial of Col. David Colson, the ex-congressman who participated in the duel in January in which three men were killed and several others injured, himself among them, began today, the jury having been secured yesterday.

Readmission of Beloit Company.

Madison, Wis., April 10.—The re-organized militia company will be readmitted to the Wisconsin National guard by order of Col. Falk, received at the adjutant general's office today. Major A. B. Cambier of Milwaukee will muster the company in, probably within two weeks. The company was inspected last week by Lieut. Col. Joachim, who made a favorable report.

## GEN. MONTENEGRO CAPTURED

One of the Leading Officers of the Filipinos Forced to Surrender.

Manila, April 18.—General Montenegro, one of the insurgents best fighters, has surrendered to Colonel Smith in the mountains near Camaling, in the Province of Pangasinan, where, with Gen. Macabulos, he has been trying to reorganize the Filipino army. Colonel Smith with five companies of the Seventeenth Regiment, nearly surrounded the force of Montenegro, who discouraged by the impossibility of making his men stand against the Americans surrendered. Macabulos escaped.

The insurgents have made fruitless attacks on San Jose, in the Province of Batangas, and Santa Cruz on the lake.

## AURORA GETS A CURFEW LAW

Voters at Yesterday's Municipal Election Declare for Such a Measure.

Aurora, Ill., April 18.—By a vote of nearly four to one the people of Aurora declared in favor of a curfew law, and the city council, in obedience to the mandate, will, without further delay, enact the desired ordinance, making it a misdemeanor for children to be found on the streets of Aurora after night fall.

## STOCK JOBBING IS FREELY HINTED AT

THE STEEL MILLS' SUSPENSION BRINGS OUT PROTESTS.

Suspicion Put on Deal—Over-Production, Gates' Reason, Is Ridiculed by Experts in the Business—Transaction Denounced as a Trick of Unprincipled Gamblers.

Pittsburg, Pa., April 18.—[Special Telegram]—The reported probable slump in the steel market has not yet materialized. According to an official of the Carnegie Company, there is no prospect of keeping up the present prices in steel and iron. The American steel and wire mills are resuming operations or will resume within a week or two.

Chicago, April 18.—John W. Gates and his speculative clique in suddenly closing twelve mills of the American Steel and Wire Company and throwing 6,000 men out of employment, apparently for nothing more than stock jobbing purposes, have aroused a storm of protest in the leading financial centers of the country.

To refute the reason given by Gates for his action, that there was overproduction in steel and wire mills, the steel manufacturers and steel and iron dealers unite their testimony that the market is nearly normal and the demand is good. They absolutely refuse to believe that overproduction is more than a pretense to hide real reasons of a very different nature.

To back up their suspicions men acquainted with the market point to a number of recent instances in which the American Steel and Wire stock has been manipulated by the aid of officials which later proved to be unfounded. They denounce the present transaction as unparalleled in stock exchange annals.

Even such a conservative newspaper as the New York Tribune takes the stand that the closing of the mills under present circumstances is a trick akin to that of an unprincipled gambler, for which a legal punishment would be desirable.

## TEN MEN ARE INDICTED

Kentucky Officials Held by the Grand Jury Charged With Murder of Goebel.

Frankfort, Ky., April 18.—By the action of the grand jury of Franklin county, 13 men ranging from the legally elected chief executive of Kentucky to a negro barber, stand charged with having had a hand in the assassination of Senator William Goebel. Of these thirteen, ten are accused outright, while the remaining three, including Governor William S. Taylor, are named without being indicted.

Side by side, state officials and "gun fighters" from the mountains are listed as alleged murderers. Moreover the grand jury is still delving into the Goebel case and more indictments may be forthcoming. The principals indicted are:

HENRY E. YOUTSEY, JAMES HOWARD, BERRY HOWARD, HARLAND WHITTAKER, TALLAW DICK COMBS (colored.)

These are held on the charge of being accessories to the fact:

SECRETARY OF STATE CALEB POWERS, CAPTAIN JOHN L. POWERS, FORMER SECRETARY OF STATE CHAS. FINLEY, W. H. CULTON, F. W. HARTON GOLDEN.

In the indictment relating to the alleged accessories three other men are indirectly referred to as accessories, though no indictments were reported against them. They are Governor W. Taylor, Green Golden and Captain John Davis.

Too Good a Target.

Hitherto the regiments of the Highland Brigade which have worn the kilt have presented an admirable mark for bullets by reason of the dark tartan of which the national costume is made. Orders have been now issued that all Highland corps are in future to wear a khaki apron in front.

## SHE MET DEATH CALM AND SERENE

Jennie O'Neil Potter Succumbs After a Long Fight for Life.

## SONG OF MOCKING BIRD

Pathetic Life Struggle of the Brave and Beautiful Badger Girl Ended.

## BE BURIED AT PATCH GROVE

New York, April 18.—Jennie O'Neil Potter is dead. Her frail body now lies in the chapel of St. Luke's Hospital, awaiting the transfer back to Patch Grove, Wisconsin, where her grave will be made.

Miss Potter passed away yesterday afternoon about 5 o'clock. She dropped asleep, quietly, and did not awaken. So serene was the end and so unexpected its suddenness that the nurses were preparing to give her some nourishment and had sent for a tray of food. Suddenly there was a sigh from the couch and when the attendant looked at her charge she found that the little girl was dead.

A remarkable incident in connection with the death of Miss Potter is told of a mocking bird that was given her some time ago. Miss Potter kept the bird in her room at the hospital, but it was silent all the time. Nothing could be done to induce it to sing. Day after day the young elocutionist tried to persuade the bird to sing, but it remained silent, and it was decided that it was not a songster.

Song Was Short Lived.

Yesterday morning, to the infinite surprise of Miss Potter and the nurses, the mocking bird began to sing. It whistled and piped and thrilled, and its shrill and beautiful tones echoed throughout the corridors of the hospital. The nurses and doctors remarked that Miss Potter's pet had found its voice at last and all felt pleased, because they saw in the song of the bird some amusement for the suffering little patient. But the tones lasted only a few hours. The bird suddenly dropped in its cage and ceased its music. The song ended as life went from the girl who owned the singer.

Since last December Jennie Potter had occupied a room in St. Luke's hospital. She came from Chicago, full of life, vigor and ambition, and was a success the instant she appeared. Her splendid powers as an elocutionist brought her fame, friends and money, and for months she was the rage.

Told Her She Must Live.

Then one day her friends were told that the girl from the west was stricken with cancer and that her case was hopeless. She was taken to the hospital and told that she must die. It was a hard blow, but she bore it well and became reconciled. Her old friends did not forget her and her room in the hospital has been gay all the time with flowers and other things that were to brighten up the fast fleeting days of the unfortunate young artist.

In January the doctors told Miss Potter that she could live until March. She accepted the news heroically, and expressed only one wish, and that was that she might only once more appear in public and recite the peace that brought her fame—"How Salvator Won." She discussed the probabilities of her collapsing if she should attempt to appear, and the physicians were forced to tell her that she could not possibly leave her bed. The brave girl wept for days as she realized that her case was indeed hopeless, and then she again settled down to die, relinquishing all the hopes she had entertained.

Lends Recruits to Boer Army.

Washington, D. C., April 18.—Major G. A. Ames, a retired cavalry officer who is well known in Washington, said today he had sent to South Africa nearly 23,000 men who will join the Boer forces. Most of these men come from this country, but there is a large force from Canada and fully 700 men have enlisted from Germany. The men were sent to their destination secretly, some of them on the regular steamers and others by other means.

Athlete Edgar Atkin Shot.

St. Louis, April 18.—Edgar Atkin, the athlete, graduate of Yale, '99, was shot and painfully wounded by a negro highwayman while on his way home from a street car in the swell residence portion of the city. A bullet was removed from Atkin's leg. Atkin resides in New York and came here to coach the Smith academy baseball and football teams.

Tax on Insurance Companies.

New York, April 18.—A decision handed down by Judge Leventritt in the Supreme court will increase the city's annual income by \$3,000,000 or \$4,000,000. It gives the city power to tax surety, fire insurance and casualty companies on their total gross assets. To exempt the reserve fund from taxation Judge Leventritt ruled would be an injustice.

## TWILIGHT BANQUET HELD LAST EVENING

TWO HUNDRED AND FIFTY  
GUESTS PRESENT.

Ladies Were Guests of the Gentlemen  
—Rev. R. C. Denison Was the  
Leader—Evening Proved One of  
Profit and Enjoyment—Twentieth  
Century Probabilities.

Two hundred and fifty ladies and gentlemen enjoyed a banquet at the Hotel Myers last evening given by the Twilight Club. The banquet marked the close of the fourth year of the club. At small tables in the spacious dining room the guests were seated at 8 o'clock. Palms, potted plants and cut flowers formed the decorations. At each place was placed a carnation.

Thirty more guests appeared than were expected, but in spite of this Landlords Johnson and Stevens found room. The repast was all that could be desired and was served in a faultless manner. Before and during the serving of the repast the orchestra from the State School for the Blind furnished some inspiring two step and waltz music that was liberally applauded. A literary program followed the feast. The committee on decoration consisted of Geo. M. McKee, W. A. Jackson and Edward Norcross.

Rev. Mr. Denison as Leader.  
Rev. Robert C. Denison was leader of the meeting. In his opening remarks he complimented the ladies present and was of the opinion that the club members all felt highly honored in having members of the fair sex as guests.

Judge B. F. Dunwiddie took for his subject "In the Moral World" and handled it in a masterly way that clearly demonstrated that the speaker was well informed on his topic. Love, truth and faith abide today and each day mankind grows better for it is largely by the past bow we are able to judge the future. The century just closed had brought a great reform over the world as compared to a hundred years ago when many evils prevailed among men and women. In those days if a man grew tired of his wife he sold her into slavery. During the past one hundred years christianity has made great advancements and we never stood in need of higher morality less than now.

A. E. Matheson handled the same subject stating that moral conditions have increased and accelerated during the past and that fifty years of American life was better than 1000 years of Eastern inertia. The speaker predicted that the best churchman of the future will be the most moral man.

Capitalism Industrial Progress.  
T. O. Howe took for his subject, "In the Industrial World" predicting that the industrial conditions cannot remain as they now exist the tendency being in cheapening utilities by specialism. The belief that competition cheapens prices will be greatly modified in the Twentieth century. Capitalism is one of the stages in industrial progress.

Dr. L. C. Hodges followed Mr. Howe on the same subject speaking in particular on the great labor saving machinery that had been produced during the past century. He stated that labor unions of today were a necessity but were a onstrosity. With increased responsibility the worker of today had but little liberty.

Supt. Ross on Education.  
Supt. William Ross spoke on "In Education." The speaker stated that the state owed all an education and that it could not afford to let the masses go without an education as education meant the less for jails and almshouses. The common schools hold the key to the future.

Stanley B. Smith took for his subject "In Politics." He predicted that the probability for the future was the election of John M. Whitehead for governor. This remark brought forth loud applause. On account of the late hour Mr. Smith excused himself from any more extended remarks and gave way to Mr. Whitehead who was received with cheers. He spoke on "Twentieth Century Political Probabilities."

Address by Mr. Whitehead.  
He divided his subject into inside and outside politics. Inside politics involved municipal questions. The growth of cities was such that they would probably in the future control the country. Outside politics would have to do with territorial extension, the protection of trade and the rights of humanity. He held that the political possibilities of the coming century must depend on the conditions of the century that has preceded it. The success of better government depended upon the moral standard of the country.

## Started New Hair

Hon. John H. Gardner, member Wyoming State Legislature from Bonanza, Crook Co., in letter dated February 20, 1899, to the

## 7 Sutherland Sisters

says: "According to agreement made in Salt Lake City, if your preparations proved a benefit to my hair, I was to send you a testimonial. There is a fine growth of new hair started. Am not troubled any more with dandruff and that annoying itching of the scalp. I had tried everything I could hear of before I saw you, but received no benefit. You can use this if you wish. Please send me half-dozen bottles."

We have thousands of testimonials equally as strong. All hair and scalp troubles readily succumb to these meritorious preparations.  
Sold by dealers everywhere.

## AMUSEMENT NOTES.

At the Myers Grand opera house tomorrow night patrons will have a taste of romantic realism in "The Village Postmaster," such as is seldom provided in that popular and ever attractive temple of the drama.

It is the production of "The Village Postmaster," the latest New England drama, which has been delighting thousands of New Yorkers at the 14th Street Theatre, New York, where it had a

The Village Postmaster.

run of 150 nights, and where it has just concluded its third big engagement. That versatile and excellent actor Mr. Archie Boyd, makes the part of Seth Huggins, "The Village Postmaster," stand out just as strongly as he did in Joshua Whitcomb and Uncle Nat. He is supported by the New York company. The complete New York production is promised to be given here.

The forthcoming production here next Monday evening of "Arizona," the new play by Augustus Thomas which had such a marvelous summer run of four months at the Grand Opera House, Chicago, will be the most notable event of the theatrical season. The new drama by the author of "Alabama" and "In Missouri" has been enthusiastically received as the typical American play for which the critics have been waiting

so long. The scenes and incidents of the piece are, as the name would indicate, borrowed from the picturesque territory of the Southwest frontier, and the story is as vividly colored as the lives of the sturdy, independent people who have followed the torch of civilization into that former haunt of renegades and Apaches. The scenes for the stage setting of "Arizona" have been painted directly from life by Walter Burridge and John Faust, with the expert advice and assistance of Frederick Remington, in matters of coloring, costuming and decorations.

The unanimously expressed desire on the part of the smaller cities of our country to see Sol Smith Russell's "A Poor Relation" is about to be realized, for manager Fred G. Berger has arranged for a route taking in most of them. After Mr. Russell's enforced retirement from the stage owing to his illness Mr. Berger re-engaged his supporting company and with the clever young actor, Frank J. Keenan playing the part of Noah Vale, "A Poor Relation" will be seen Monday night at the opera house.

This play and the character in which Mr. Keenan appears have already secured the hearty endorsement of the play going public through the United States and it is therefore no surprise to hear that Mr. Keenan is meeting with a perfect ovation wherever he has been seen so far this season. "A Poor Relation" is one of the prettiest pieces of dramatic work now on the stage, the humor is delicate but irresistible; the pathos is effective but never overdone. There is no tendency to overload the play with climaxes, but its points are made vigorously and tastefully. It appears at the Myers Grand Saturday evening next.

At the Myers Grand last night the Willis' produced "In Atlantic City" before a fair sized audience. Frank Willis as Prof. Kreitzmeyer was the star of the cast and kept the audience good natured. James Leslie was good in the role of O'Donovan Duff and the singing of Albert Farrington and Charles McShane was pleasing. The piece is mostly specialties. Tonight the farce comedy "Bosom Friends" is the bill.

## ELIJAH P. BROWN DELIVERED LECTURE

Took Place at the First Methodist Church Last Evening Under the Auspices of Epworth League.

Under the auspices of the Epworth League, Elijah P. Brown of "Ham's Horn" fame delivered a lecture at the First M. E. church last evening. The speaker from start to finish held the close attention of his audience. He took for his subject "In the Spectacle Business." Mr. Brown was introduced by Rev. W. W. Woodside.

The speaker represented himself in the office of an optician and as he went from there into the world he found people with all kinds of glasses. He stated that many had imperfect sight such as seeing into politics, society and religion. Mr. Brown stated that many people think the world at large is like the glasses they look through—blue glasses make the world look blue, etc.

The speaker stated that in many instances many a man hides his wife's casket in roses when he would not give her a five dollar bill all the time she was alive. The lecture was at no point tiresome and all those in attendance spent a profitable evening.

### Wisconsin Weather and Crops.

The United States department of agricultural, Climate and Crop Bulletin of the Weather Bureau, Wisconsin Section, for the week ending Monday, says: "The crop season of 1900 opens under much more promising conditions in general than that of last year. The winter season was not unusually severe, and while the distribution of snow was remarkably uneven, the area protected during the season, taking the state as a whole, was much greater than that of last year. The total precipitation for the state for the month of December, January, February and March was 5.58 inches, which was less than half an inch below the normal.

"The past week has been cold, with a heavy fall of snow over the entire state on the 11th and 12th. The snowfall ranged in depth from two to ten inches and was very beneficial in taking the remaining frost out of the ground and furnishing a liberal supply of moisture, most of which was taken up by the soil. Some plowing and seeding was done on light soil during the early part of the week, but the soil is now too wet for working."

### W. PATRICK WITH CIRCUS

Janesville Boy Hires Out to the Sells & Gray Circus

Warren Patrick of this city is now acting as ticket seller for the Sells and Gray circus. This show is a new one in the field and are reported as doing a good business. They are at present in the east. William Parmelee has left Janesville to join the Walter L. Main show which opened at Peru, Indiana, April 15.

"A Wise Woman," the three-act musical comedy by Wilfred Clarke, who is also responsible for that great success, "Oh! Susannah!" has been secured for the near future at the Myers Grand opera house. This is a fortunate booking for Manager Myers and one worthy of special notice as the attraction is to be seen in but very few one night stands this season, its time having been almost entirely booked in the larger cities of the country. This is strong evidence of the strength of the company.

### EAGAN CASE WAS ADJOURNED

Was Called In the Municipal Court This Morning At 10 O'clock.

When the case against Michael Egan was called in the municipal court this morning it was adjourned till Tuesday, April 24, at 10 o'clock. Michael is charged with assaulting his wife. That the utmost reliance can be placed upon this great medicine is testified to by an army of grateful women who have been helped by it.

Mrs. Pinkham, who has the greatest and most successful experience in the world to qualify her, will advise you free of charge. Her address is Lynn, Mass. Write to her.

### IN DEFENCE OF UNION LABOR

Brick Layers and Masons' Union Has a Communication for the Public

Editor Gazette:—The hue and cry being raised by some contractors of this city, on account of their not securing the contract for the building of St. Mary's Catholic church, owing apparently, to their inability to estimate correctly, or their seemingly great greed, which has characterized their actions in other ways, creates smiles instead of indignation, on the part of those who are acquainted with the facts in the case, and especially is this so, when the great difference in figures (\$10,268.00 between the highest and lowest bidders) is charged to organized labor in this city. They might well feel chagrined, when they are told that the party securing this job, the Messrs. Toppendorf of Rock Island, Ill., based their figures on the new wage conditions as they exist at present in Janesville, which are not as good as prevail at Rock Island, where the minimum is 40 cents per hour, nine hours constituting a day's work. So it is plain to be seen that it were subterfuge on the part of those who desire to get rich at one fell swoop, and fail; to criticize and condemn organized labor, and endeavor to console themselves by charging their failures to union labor.

### DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee. It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer. Follow the directions in making it and you will have a delicious and healthful table beverage for old and young." 15c and 25c.

SITUATION IN PHILIPPINES

Review of Reviews: About the best statement that we have seen of the actual conditions in the Philippines, particularly in the great island of Luzon, where our principal difficulties have been, is contained in a private letter received by the editor of this Review last month from an American officer. The letter was not intended to be published and it contains no sensational disclosures. It simply tells the clear truth. It is sufficient to add that this officer is an exceptionally keen observer, is candid to the last degree, and is as free from bias respecting the political bearings of the Philippine question as any man could possibly be. The following extracts from his letter undoubtedly represent his absolute convictions, and it is our opinion also that they are sound and that our readers may safely accept them:

"Conditions of this island are much more favorable to our troops than they were in Cuba. The climate is not nearly so enervating, nor have we to dread the yellow fever. The people here are a very intelligent class, and most of them can read and write their own language. Very many of them can also read and write Spanish. They are showing considerable interest in American ways, and I have found that a good many young men are beginning the study of English. I have in mind one young man who in two months, without an instructor, has learned sufficient English to converse quite freely, and another who in the same length of time reads English fluently.

The trouble with these people is that they have been so badly abused in the past and for so long a time that the dread and fear of white men has grown to be second nature to them. They seem to expect nothing but kicks and curses. It seems to be a continual surprise to them to find their property respected and themselves treated with courtesy and consideration. I firmly believe that they are capable of becoming, in a very short time, under proper guidance, useful citizens of the United States.

It is a continual source of wonder to me to see how perfectly the military machine works over here in all its departments. Everything is well done, supplies are plentiful and easily obtained, and the men are healthy and well contented. It is going to be only a short time, comparatively, until this problem will be satisfactorily settled. But one thing should be remembered, and that is that the problem is an educational one.

If the military had an organized enemy in front of them who fought according to the laws of civilized warfare and who could be soundly thrashed that part of the thing could be quickly done; but such is not the case. It looks as if the poor, ignorant people get stampeded and go out and do some promiscuous shooting, and then recover and return to their ordinary employment. The only way to wind up such a campaign as that is by gradually educating them to believe that we are in fact their best friends and that we are not going to do them any harm.

It requires the utmost tact, gentleness, kindness and firmness, with occasional use of exemplary severity; and the man who is solving this problem is undoubtedly the right man for the job. You will make no mistake, in policy or in fact, if in all that you publish you sustain in the fullest manner the administration of the American commander now in the Philippines.

You know me to be a fearless critic on proper occasion. You can therefore believe the above to be a true expression of the honest views of a competent observer. I cannot express too strongly my admiration of what I have seen of the workings of the system in operation here. It is simply wonderful how smoothly and efficiently things are done."

THE CORN PONE MAN.

Will Run an American Restaurant at the Paris Exposition.

Major Simon Peter Gross of Lexington, Ky., proposes to introduce to the European palate such southern delicacies as corn pone, fried chicken and other dishes which are to be found on the tables of the fortunate ones below Mason and Dixon's line. Major Gross will have charge of the American restaurant at the Paris exposition. He is the man who runs the restaurant and bar in the Kentucky building at the World's fair in Chicago and introduced "Blue Grass" drinks and dishes to many Americans who had never tasted them before.

Major Gross proposes to make his American restaurant at Paris a most popular establishment. He intends to open the eyes of Europeans and to "make their mouths water." He plans to have jet black negro waiters, negro cooks and to set the famous "Blue Grass" dinner, making a specialty of corn bread, which he will serve in all styles. He will take along one of the

MAJOR SIMON PETER GROSS.

best corn bread cooks in America, whose business it will be to see that every piece of this kind of bread goes on the table just right. He will also have a noted negro chicken cook. It is well known that nobody can cook a chicken as well as a negro, and he will make use of this fact to have the most appetizing dishes prepared from this luscious fowl. Of course he will have all kinds of American dishes, but he proposes to make specialties of corn products and southern cooking. Major Gross wants to make the restaurant "American" in all that the name implies, and he believes that when Europeans eat his corn bread and see how good and wholesome it is they will want to know more about it and will ultimately lay aside the hard, black bread of the continent and substitute the cheaper and healthier corn products of America.

Excursion to Chicago Via C. M. & St. P. Ry. For the Dewey Day celebration at Chicago, May 1st, the above line will sell excursion tickets at \$3.65 for the round trip, April 30th, May 1st and for trains arriving in Chicago by 11 a. m. May 2d good to return until May 3rd.

A Great Place for Longevity. To all appearance Ardnamurchan, on the west coast of Scotland, is a great place for longevity. Whether it is because of the soft salubrious climate, or the remoteness of the place from the centers and sins of population, or something indigenous to the Ardnamurchan nature, it would be rash to say; but certain it is that an Ardnamurchan seems to have a good chance to become a patriarch. Within thirty years many of the inhabitants have been cut up at varying ripe ages between 100 and 112. There was a Miss Ann MacDonald, a friend of MacLeod, the high priest of Morven, who leisurely laid down her life at the extreme age of 112. An Alexander McPherson "vanished from the present vista" when he had attained to 109. A third Donald Cameron, not only saw the five score comfortably out, but left "a hundred individual offsprings to mourn his death." And a fourth, Mrs. Mary Stewart, has reached 108, is hale and hearty, rises daily, and "moves about the house."

Onions as Sleep Inducers. The onion contains an ingredient which acts on the nerves in a manner similar to the action of opium. Unfortunately, the persistent odor of the vegetable makes sensitive persons disinclined to use it, at all events in a raw state. An onion taken at night is one of the best sleep inducers. The element above mentioned has the effect of calming the nerves, and consequently of putting the brain to rest.—Tit-Bits.

Excursion Rates to Milwaukee Via C. M. & St. P. Ry.

For the celebration of Milwaukee Musical Society at Milwaukee May 2 to 5, the C. M. & St. P. Ry. will sell excursion tickets on above dates good to return until May 7th at one and one-third fare for the round trip.

Remarkable Cure of Rheumatism. Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. Parsons. For sale by Smith's Pharmacy, kodak agents, next to post-office.

## BIG SOCIETY CIRCUS FOR JULY FOURTH

WORKING COMMITTEE WILL  
SOON BE APPOINTED.

Greatest Fourth of July Celebration  
Ever Held in the Bower City—Parade  
Will Be a Feature of the Day  
—Event Will Be Widely Adver-  
tised—Will Take Much Cash.

Present indications are that the citizens of Janesville will have the most unique and greatest Fourth of July celebration this year ever in her history. It is proposed to hold a big society circus, parade and show complete. The success of the circus parade held last Fourth has resulted in preparations already being under way for the coming event. Not only is it proposed to hold a parade this year but it is the intention to give a complete show beneath a mammoth tent which will seat several thousand people.

There will be two rings and an elevated stage performance to be followed by a concert. And this is all more than mere talk. The old time Fourth of July celebration with its fireworks and red tape, is getting to be an old story. The people want something new. The circus performance for the coming July 4 will be preceded by a parade never before equaled. This is saying much, when one considers that the Buffalo Bill, P. T. Barnum, Ringling Brothers and Forepaugh shows have all in years gone by paraded Milwaukee and Main streets.

The parade may not be an elaborate and costly feature but it will be fully two miles long and will be ablaze with good features. Plenty of bands will be on hand as it is proposed to secure plenty of bands from all the surrounding towns. For the circus performance outside professional talent will be secured to mingle with local talent.

It is proposed to hold the show either in the Spring Brook addition or on the vacant Jackson property on Milton avenue.

The St. Patrick's annual banquet will take place at the Armory tonight.

## BICYCLE SOCIAL GIVEN BY CHURCH

Held by the Young People's Society of  
Trinity Church Last Evening—  
Cake Walk Was Given.

The Young People's Society of Trinity church gave a bicycle social in the Guild hall Tuesday evening. Miss Genevieve Guild received the head prize for placing the lady nearest the seat on the tandem and Miss Fay Dopp the booby. In the contest on trips Miss Mayma Louder and Theo Smith drew cuts for the head prize, Miss Louder being the winner and Mrs. Nellie Seileck got the booby.

The hit of the evening was the original cake walk. Those who took part in the walk were, Messrs. Theo Smith, Harry Reeder, Will Drummond, John Horn, Eugene Olin and William Barker; Misses Maude Knippenberg, Fay Dopp, Mabel Richards, Lillie Alton and Louise McCaffrey.

During the serving of refreshments Mr. Will Drummond entertained the company with selections from his graphophone. The committee of arrangements were Misses Maggie Smith, Eva Dopp, Carrie Reeder and Genevieve Guild. A very enjoyable time was had by all present.

## M'DOW SENTENCED TO STATE PRISON

ARRESTED YESTERDAY FOR  
THEFT OF TWO ROBES.

Stolen From the Home of Miss Minnie Jones on East Street—Also Stole Two Umbrellas and Two Pair of Rubbers.—Told Complicated Story in Court.

William S. McDow, of South Chicago, pleaded guilty in the municipal court this afternoon at 3 o'clock to the charge of burglary in the day time and was sentenced to one year in the state prison at Waupun.

Yesterday McDow was arrested by Chief of Police Hogan in front of T. P. Burns' dry goods store while he was in the act of trying to dispose of two robes.

It was afterward learned that the stolen property was taken by McDow from the home of Miss Minnie Jones, corner of East and South Second streets.

After leaving Miss Jones home McDow stole two umbrellas and two pair of overbores from some porch and sold them at a local second hand store for 25 cents.

To court this afternoon McDow said that he stole the robes to keep from starving. He said that he had been married five years and that he had eight children, the oldest being a bright girl of seventeen years.

This was too much for the court, and sentence was passed.

## MANY FROM HERE ATTENDED FIGHT

Janesville Sent a Good Sized Delegation  
to the McGovern-White Battle  
in Chicago.

When the fistie program at Tatter salt's, Chicago was called to order at 8 o'clock last evening Janesville was well represented at the ring-side. A good sized delegation of local business men left the Bower city yesterday returning this morning. All were more than satisfied with the events offered and were well repaid for their trouble in making the trip. The exhibitions were all clean and clever and were each greeted with well merited applause bestowed by fully \$,000 interested and orderly spectators.

The drawing card which attracted the local delegation was the McGovern-White match.

Tommie White, the Chicago 126 pounder, succeeded in securing a practical draw with the famous little champion, Terry McGovern. The men fought six rounds and, in accordance with the terms there was no decision, as both men were on their feet at the end.

Both men fought hard. McGovern apparently tried to treat White in the same unpleasant way he had treated all other opponents for the last year, but Tommie was too clever and kept out of his way at critical stages, while at others he kept peppering the champion with his inimitable left hand jabs.

White was knocked down cleanly only once. In the third round, he seemed to be in a bad way as the result of a hard body blow that sent him to his knees, but on regaining his feet he came to a clinch and managed to last the round out, it being then near the bell.

Other events were on the program and all in all the entertainment gave the best of satisfaction.

## MUCH NEEDED IMPROVEMENT

Commenced Today at the Corner of Milwaukee and Main Streets.

Street Commissioner Fredericks took in hand this morning a much needed improvement at the intersection of Milwaukee and Main streets. About the street car tracks they replanted the pavement as well as repairing between the tracks with new planks. This portion of the street has been dangerous of late for teams on account of the street car tracks being several inches above the pavement. Many buggy wheels have been wrecked of late by striking the tracks.

## The Swazie Chief Dead.

The Swazie Chief Bunu must be dead. The Swazies have the habit of keeping such news to themselves for at least a month, and it is more than a month ago they were looking for a black ox-hide. Their custom is to sew up their dead king in such a skin and place him at the foot of a kopje. Their chief general is usually killed at the same time, and his corpse left with that of the king to keep it company. Before the body of the king can be interred it has to remain for a month at the Royal Kraal, where meat is constantly burned to neutralize the inevitable odor. It is also rumored that Bunu's mother and the heir to the throne have both been poisoned; but this is not confirmed.

An event of exceptional interest is the future engagement at the Myers Opera House of "A Wise Woman," a musical comedy farce in three acts. It is said that the instantaneous hit the piece made has led to the cancellation of many one-night stands in which it was booked in order to enable the manager to accept contracts offered in the larger cities. The engagement in this city will be kept as Manager Myers has an iron-clad contract to that effect.

## GEN. BULLER TO GO HOME.

London War Office Holds Him a Failure.

### REPORT SCORING GENERALS.

Was Kept Secret for Five Weeks—Warren Also Denounced as an Incompetent Leader—Boers Continue Activity in Southern Part of Free State.

London, April 18.—The government has chosen this as the moment to publish a dispatch from Lord Roberts pronouncing censure upon Sir Redvers Buller and Sir Charles Warren, two of his most important subordinate commanders. This dispatch, written Feb. 13, has been in the hands of the war office for five weeks. Just why it is published now, in the middle of the campaign, is not understood, unless it is expected that Gen. Buller and Gen. Warren will ask to be relieved of their commands. The revelation of their incapacity must tend to undermine the confidence of the troops in their leadership. Lord Roberts' dispatch, with the inclosures, is the great feature of the London press. In a long editorial the Daily News speaks of the "somewhat appalling language" of the dispatch, and then goes on to say: "Upon the whole, these dispatches are disquieting and disheartening in no ordinary degree. Following immediately upon the recall of Gen. Gatacre, they will create a widespread feeling of uneasiness and anxiety."

Whether the government has any special purpose or not in publishing the dispatch, the way in which it has been received will make it most difficult to retain the censured commanders in active service. Lord Roberts' long wait and the Boer activity have seriously disturbed public equanimity. He is still 300 miles from Pretoria. No one doubts the ultimate success of British arms, but behind the British army that crushes the Boer armies an army of occupation will have to be installed. From various sources come hints that more men than are already provided for will have to be sent out. Lord Roberts indicates that at least 10,000 men are advancing to cut off the Boers who are investing Wepener. As there are reports from the Basuto border that firing has been heard in the direction of the hills toward De Wet's Dorp, it is possible that Gen. Chermide's advanced troops are already in contact with the Boers. Lord Roberts wired that he expected to clear the southeast section of the Free State, east of the railway, and then to swing round to the north and to turn one after another the positions held by the Boers north of Bloemfontein. Gen. Buller's prohibition of all press telegrams in Natal until further notice is taken to indicate that a movement is about to begin there.

The reports that the Boers had retreated from Wepener were premature. The town was still surrounded at last reports, but Lord Roberts reported that the attack was half-hearted. Gen. Brabant, supported by Hart's brigade, had recaptured Rouxville, the Boers retiring toward Wepener, and Sir Henry Rundle, with a column of fresh troops from the Eighth division, was advancing through Reddersburg. These two columns are expected to effect the deliverance of Wepener speedily, and may cut off the Boer line of retreat. The Standard's correspondent in Cape Town says that the Boer governments are circulating throughout Cape Colony an impassioned appeal to the Afrikaners to rise against the British.

### SIGNS POINT TO EARLY ADVANCE.

Lord Roberts May Soon Begin Movement Toward Transvaal Capital.

London, April 18.—At last Roberts seems to be on the eve of making his main advance toward Pretoria. Unless all the usually reliable sources of information and all the indications smuggled past the censor are at fault the British army within a few days will be marching northward. After many premature and unfounded reports that have purported to tell of this move, there is naturally, even in the best-informed quarters, considerable hesitancy in definitely settling upon the day Lord Roberts is likely to leave Bloemfontein, but there is a settled impression that it will occur either at the end of this week or the beginning of next. The long, weary wait in the Free State capital has apparently effected a much-needed rehabilitation, though it is probable Lord Roberts would still further have delayed his advance had not the Boer activity forced him to put his forces in such positions that today, unless they quickly proceed northward, the strategic advantage will be lost. The critics agree in the supposition that the advance will be made in parallel columns, with a broad front, west of the railroad, the 3d and 8th divisions sweeping northward to the extreme northwest, the entire force amounting to 75,000 men. Exactly what part Gen. Buller will take is still a secret which no one is able to probe. From the seat of war there is a significant silence. From The Hague comes the news that the Boer delegates refuse to make public the object of their mission. They hope to be received by Queen Wilhelmina, but nothing in this direction has yet been decided upon.

### FIVE INJURED BY TORNADO.

Terrible Windstorm in Lafayette County, Missouri.

Lexington, Mo., April 18.—Five people are injured, one fatally, and con-

siderable property was damaged by a tornado that passed just west of Concordia, Lafayette county. The injured are:

Krohn, August, a cripple; will die.  
Krohn, ———, child; hurt badly.  
Krohn, ———, child; hurt badly.  
Luetzen, John; internal injuries.  
Meyers, Henry; injured on head and face.

The first place struck was the residence of Martin Bergman, occupied by Henry Meyer. The house and barn were destroyed. Robert Hendricks' house and half a dozen big barns were also destroyed, several head of stock killed and much other damage done to property.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Smith's Pharmacy, kodak agents, next to post-office.

**Takes Up Trade Interests.**  
Houston, Texas, April 18.—The eleventh annual session of the trans-Mississippi congress was formally opened by President E. O. Stannard of St. Louis. John H. R. Pitkin of New Orleans made an address on "The South and the Seas." At the conclusion of his address resolutions were introduced, among them three indorsing the merchant marine and subsidy bill, now pending in congress; the Nicaraguan canal, statehood for New Mexico, and efforts to secure deep water at Houston.

**The Best in the World.**  
We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Smith's Pharmacy's kodak agents, next to postoffice.

**Serious Rioting in Ireland.**  
Belfast, April 18.—A serious disturbance has taken place at Castle Caulfield, county of Tyrone, arising, it is said, from the fact that a few of the inhabitants had hissed a national band which was passing through that Protestant village. Late in the evening an armed mob invaded the village, firing shots and smashing windows. The rioters wrecked Orange hall and several houses. The police were summoned, but arrived too late to prevent the damage. Several arrests were made.

**What is Stalder?**  
A grand old remedy for Cough, Colds and Consumption; used through the world for half a century. has cured innumerable cases of incipient consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cents, 50 cents and \$1. Sold by J. P. Baker.

**Gift for Queen Victoria.**  
Dublin, April 18.—After her morning drive today Queen Victoria received in audience the daughter of Sirat-Maj. Hartigan, now at Colenso, Natal, who presented her majesty with a bouquet from the wives and widows of the non-commissioned officers and men of the Irish regiments in South Africa.

The queen's afternoon drive included Donnybrook.

**Opportunities for Business.**  
At towns on the new lines of the Chicago & North-Western Railway are summarized in a pamphlet that may be obtained upon application to Agents of the C. & N. W. R. Y., or the General Passenger and Ticket Agent, 22 Fifth Ave., Chicago, Ill.

**Countess Follies' Down.**  
Berlin, April 18.—A special dispatch to the Lokal Anzeiger, which gives meager details regarding the loss near Mineer of the yacht of Count Radolph Festetics with all on board save the owner and two servants, says that among the victims was the countess, who, prior to her marriage, was Miss Haggin of New York city.

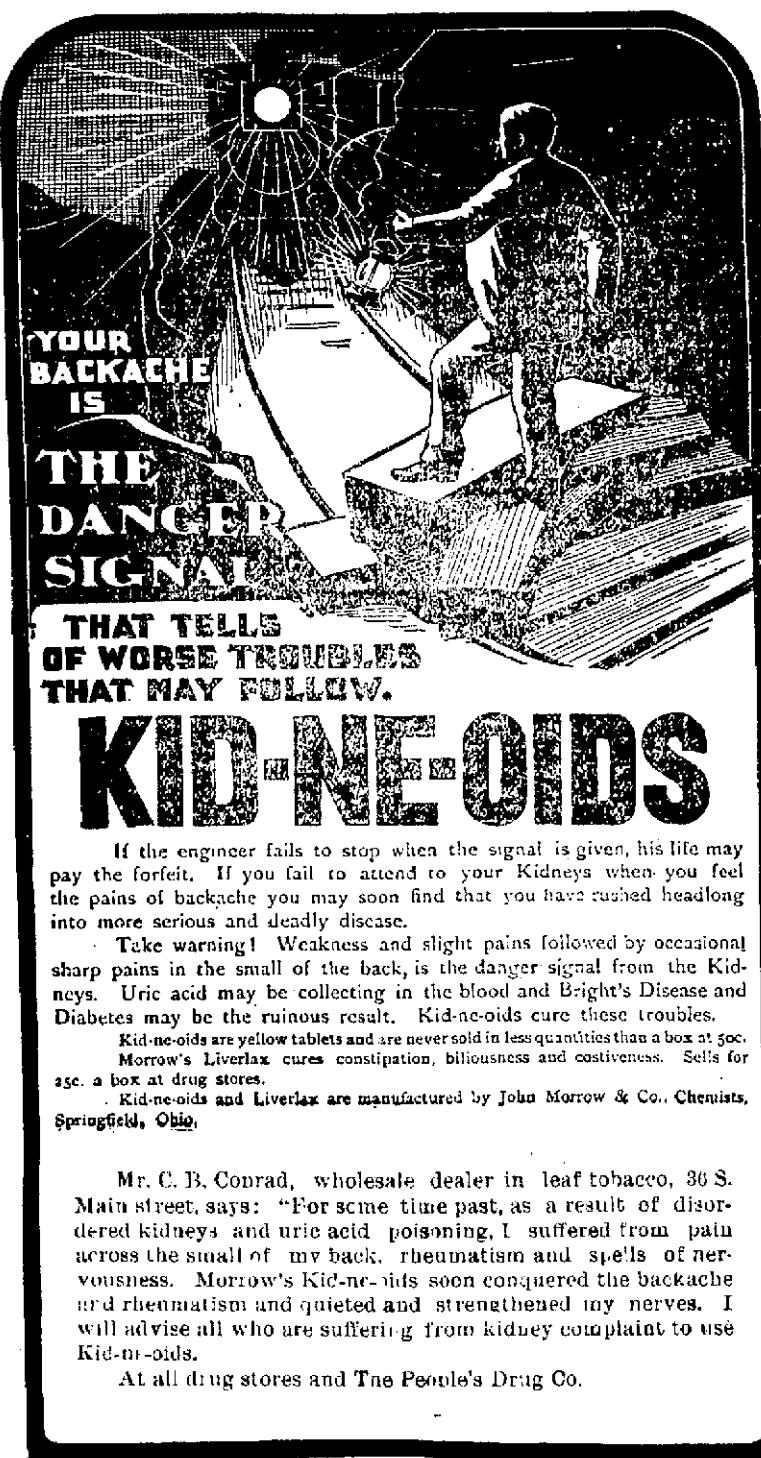

**San Juan Hero Kills Himself.**  
Muncie, Ind., April 18.—A stranger who committed suicide by throwing himself under a train has been identified as William Love of New Lexington, Ohio, who deserted from the army in Puerto Rico after being ordered to the Philippines. He fought in the battle of San Juan hill, Cuba.

**YOUR BACKACHE IS THE DANGER SIGNAL THAT TELLS OF WORSE TROUBLES THAT MAY FOLLOW.**

## KID-NE-OIDS

If the engineer fails to stop when the signal is given, his life may pay the forfeit. If you fail to attend to your kidneys when you feel the pains of backache you may soon find that you have rushed headlong into more serious and deadly disease.

Take warning! Weakness and slight pains followed by occasional sharp pains in the small of the back, is the danger signal from the Kidneys. Uric acid may be collecting in the blood and Bright's Disease and Diabetes may be the ruinous result. Kid-ne-oids cure these troubles. Kid-ne-oids are yellow tablets and are never sold in less quantities than a box of 50c. Morrow's Liver-Lax cures constipation, biliousness and costiveness. Sells for 25c. a box at drug stores.

Kid-ne-oids and Liver-Lax are manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Mr. C. B. Conrad, wholesale dealer in leaf tobacco, 36 S. Main street, says: "For some time past, as a result of disordered kidneys and uric acid poisoning, I suffered from pain across the small of my back, rheumatism and spells of nervousness. Morrow's Kid-ne-oids soon conquered the backache and rheumatism and quieted and strengthened my nerves. I will advise all who are suffering from kidney complaint to use Kid-ne-oids."

## HOAR'S ARGUMENT AGAINST EXPANSION

Bright Sparks From the Speech Made  
In the Senate Yesterday  
Afternoon.

Washington, April 18.—After the transaction of the routine business Mr. Hoar addressed the senate on the Philippine question.

Mr. Hoar took for his text the resolution of Mr. Beveridge of Indiana declaring that the Philippine Islands are territory belonging to the United States, and that the United States government must govern the archipelago. He said:

"I do not expect to accomplish anything for liberty in the Philippine islands, but through the Republican party. Upon it the fate of these islands for years to come is to depend. I can not look with any favor upon Mr. Bryan as an alternative. I believe not only that perseverance in the present policy will be the abandonment of the principles upon which our government is founded, that it will change our republic into an empire, that our methods of legislation, of diplomacy, of administration, must hereafter be those which belong to empires, and not those which belong to republics, but I believe persistence in this attempt will result in the defeat and overthrow of the Republican party."

Mr. Hoar discussed at great length the Filipino rebellion and the causes which, in his opinion, led up to it. He made an earnest and vigorous defense of the Filipinos, especially of Aguinaldo, who, he declared, was "brave, honest and patriotic." In the course of his eulogy of Aguinaldo he said:

"He deserves to be remembered with that small band who have given life and everything dearer than life to their country in a losing cause. He shall live with Kossuth, with Oom Paul, with Joubert, with Emmett, with Edmond and Horn, with Nathan Hale, with Warren, with all the great martyrs of history whose blood has been the seed of the church of liberty."

Mr. Hoar maintained his well-known position that the Filipinos had achieved their independence, that the United States had made them its allies, and was bound to recognize their independence, and that they had proved themselves fit for such independence and capable of self-government. As one bit of proof of their statecraft he declared:

"The state papers of Aguinaldo, the discussion of the law of nations by his attorney general, the masterly appeal of Mabini, are products of the Asiatic mind. They are not unworthy of the Asiatic mind, the vehicle through which came to us the scriptures of the old and new testaments, the poetry of David, the eloquence of Isaiah, the wisdom of Solomon, the profound philosophy of Paul."

The senator presented an elaborate defense of the Filipinos against the charge that they were responsible for the present war, fully justifying their action in resisting the American forces.

"The American people, so far as I know, were all agreed that their victory brought with it the responsibility of protecting the liberated peoples from the cupidity of any other power until they could establish their own independence in freedom and in honor. I stand here today to plead with you not to abandon the principles that have brought those things to pass. I implore you to keep to the policy that has made the country great, that has made the Republican party great, that has made the president great. If, when we made the treaty of peace, we had adhered to the purpose we declared when we declared war; if we had dealt with the Philippine islands as we promised to deal, have dealt, and expect to deal with Cuba, the country would have escaped the loss of 6,000 brave soldiers, other thousands of wrecked and shattered lives, the sickness of many more, the expenditure of hundreds of millions, and what is far worse than all, the trampling under foot of its cherished ideals."

### GENERAL WASHINGTON NEWS.

#### Debate on the Naval Appropriation Bill.

Washington, April 18.—The proprietors of the Streator (Ill.) Bottle and Glass company have appealed to the American Federation of Labor to intervene and prevent the closing of their works. They represent that of the 1,000 men employed by them 200 have struck for eight hours, and their refusal to work has resulted in the closing of the establishment. President McKinley has accepted an invitation extended by A. S. Wright of Woodstock, Ill., to attend the fair at that place during the last week in August. It develops that negotiations are now being conducted with Nicaragua and Costa Rica for a right of way across their territory as a route for an isthmian canal. W. J. Pollock of Aurora, Ill., Indian agent upon the Osage reservation in Indian Territory, who has been under investigation by the interior department for some time, has tendered his resignation, to take effect May 1.

The ways and means committee gave a hearing on the question of reducing the revenues derived from proprietary medicines, etc., under the war revenue act of 1893.

After extended meetings a unanimous agreement was reported by the house and senate conferees on the Hawaiian government bill. The senate conferees yielded to the house measure which passed as a substitute

for the senate bill as a whole, although a number of amendments were made. In the main the form of government as finally determined upon is that provided by the house.

The second day's debate upon the naval appropriation bill in the house was confined closely to the subject matter of the bill and was as a rule devoid of interesting features. The questions of armor plate and the building of warships in government yards attracted most attention. Mr. Wheeler created something of a sensation by expressing the opinion that "an officer in the uniform of the United States" was responsible for the armor-plate trust. He did not name the officer, and was not questioned as to who he meant.

President McKinley will send to the senate the nomination of Frank W. Hackett of New Castle, N. H., to be assistant secretary of the navy, vice Charles H. Allen, recently appointed governor of Puerto Rico.

#### Marshall Field's Nephew Weds.

Baltimore, Md., April 18.—Society was largely represented at the wedding of Miss Sarah Carroll Brown, daughter of George Brown of Brookland Wood, and Stanley Field of Chicago. The ceremony was performed by the Rev. W. H. Powers, rector of Trinity church, Towson, at Brookland Wood, in the Green Spring valley. Norman Field of England was best man. The bride is a sister of Mrs. W. W. Keith of Chicago. Mr. Field is a nephew of Marshall Field of Chicago.

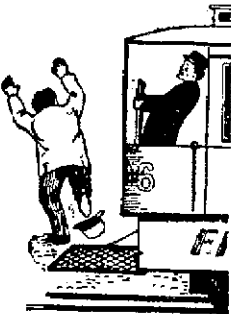

#### Drowned While in Bathing.

Waukegan, Ill., April 18.—Word has reached here from Melbourne, Fla., of the drowning in the surf there of William and James Powell, sons of former Mayor John P. Powell and brothers of Chief of Police George N. Powell of this city.

#### Louisiana Goes Democratic.

New Orleans, April 18.—The election in Louisiana resulted in a democratic victory. Governor, W. W. Heard; lieutenant governor, Albert Estouval; secretary of state, John T. Michael; attorney general, Walter Gulon.

The greatest danger to life in the city is not the car with its clanging gong, but those silent invisible foes, the germs of disease. The prevalence of consumption in cities is stated to be largely due to the frequent expectoration of diseased persons, whose dried sputa mixed with the dust and blown into the air, is inhaled by some luckless man or woman. Sanitation may minimize these perils but can never obliterate them. The essential thing is to educate every person to the knowledge that

the germ can find no permanent lodgment in a healthy body. Keep the blood pure, the stomach and other organs of digestion and nutrition in sound health and you are practically germ proof.

This disease resisting condition is obtained by the use of Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves, and heals the lungs. Even when there is obstinate cough, bronchitis, spitting of blood and other conditions, which, if neglected, lead to consumption, the faithful use of Golden Medical Discovery will, in almost every instance, effect a cure.

"I was taken sick in July last year, and was not able to do any kind of work until November," writes Mr. Noel W. Orin, of Langley, Alaska Co., S. C. "I had been coughing up small, hard lumps of phlegm for about a year before I was taken down. Then called on a doctor, who said that one-half of my left lung was gone, and advised me to leave my home and go to the country. I wrote to you for advice. I took four bottles of Dr. Pierce's Golden Medical Discovery, which I sincerely believe has done me more good than all the other medicines I have ever taken."

## WINE OF CARDUI

Woman's  
Crowning Virtue.

Burlington, Mo., July 27.  
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last I did it. I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

McLREE'S  
Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

## The way we Look at it...

Carriages can be bought at prices which appear surprisingly low, but those who will take the trouble to examine the material and the finish will find that there is a vast difference between those vehicles and these we offer. The material throughout—wood, iron, leather, paint and rubber, is the best. There are no defects covered by a liberal use of varnish.

The Wagons are built for use and will stand plenty of it...

### A Smokeless Blue Flame

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated
